

UWaterX3 Wireless Action Speaker Black

Name: UWaterX3 Wireless Action Speaker

US Retail Price: \$99.95

UWaterX3 Wireless Action Speaker **Boldly Goes Where No Other Speaker Has Gone Before**

- **Unconditional Robust Boom Audio**
- **Unlimited Mounting Capabilities**
- **Indestructible Rugged Design**

A True Standout

The UwaterX3 Action Speaker is small yet generates Robust Boom audio over 85dB (typical of speakers 5 times bigger in size) by using a unique 50mm Driver and a directional sub-woofer both embedded in metal chamber.

The X3 unique design comprises chrome-plated metal rims on top and bottom surrounded by 7mm thick Grooved Silicon providing a virtually indestructible structure vs water, snow, shock & impact.

The UwaterX3 is the world's most versatile Action Speaker by virtue of its endless mounting capabilities.

In addition to unlimited outdoor mounting capabilities, this Action Speaker comes with a specially designed Indoor Mount – A Spiral Chrome-Plated Metal

Pedestal - enhancing hi-fi audio streamline and efficient audio distribution.

The UwaterX3 Action Speaker combines unlimited mounting opportunities with rugged design and superb Bluetooth wireless features including hand free mic. The UwaterX3 audio is not only super robust, but also rich in quality including enhanced bass. Wear it, hook it, mount it, fix it, attach it or float it - the opportunities to enjoy this Action Speaker are endless. Moreover, it is engineered to be completely waterproof, sand-proof, snow-proof, mud-proof, shock & impact proof. The UwaterX3 comes with 4 mounts (Bike, Carabiner, Pedestal, Floater) and additional mounts are optional (see below). Patents pending.

The UwaterX3 boldly goes where no other Speaker has gone before just in time for the holidays!! Surprise your family, friends, or just be good to yourself. This Action Speaker makes a useful gift!. Try it now. You'll be pleased you did.

21 Day Refund. Extended Warranty.
