US Retail Price: \$59.95

Manufacturer Name: Fitness Technologies Inc

UwaterX3 Wireless Action Speaker (Metallic Black) (Mounts Not Included)

- **Unconditional Robust Audio**
- **Unlimited Mounting Capabilities (with optional Mounts)**
- **Virtually Indestructible Rugged Design**

Boldly Goes Where No Other Speaker Has Gone Before

The UwaterX3 Action Speaker is small yet generates Robust Audio over 85dB (typical of speakers much bigger in size) by using a unique 50mm Driver and a Directional Sub-Woofer both embedded in metal chamber.

The X3 unique design comprises chrome-plated metal rims on top and bottom fortified by 7mm thick Grooved Silicon providing a virtually indestructible structure vs water, mud, snow, shock & impact.

With its endless mounting capabilities, the UwaterX3 is by far the world's most versatile Action Speaker.

In addition to unlimited outdoor mounting capabilities, this Action Speaker is compatible with the optional Spiral Chrome-Plated Metal Pedestal enhancing

indoor hi-fi audio flow and efficient distribution.

The UwaterX3 Action Speaker combines unlimited mounting opportunities with rugged design and superb Bluetooth wireless features including hand free mic. The UwaterX3 audio is not only super robust, but also rich in quality including enhanced bass. Wear it, hook it, mount it, fix it, attach it or float it - the opportunities to enjoy this Action Speaker are endless. Moreover, it is engineered to be completely waterproof, sand-proof, snow-proof, mud-proof, shock & impact proof. This unit comes with no external mounts except Carabiner and metal ring. Additional mounts (Bike, Motorcycle, Suction, Pedestal, Floater) are optional (see below). Patents pending.

30 Day Refund. Extended Warranty.
