## UWaterX3 Wireless Action Speaker Boldly Goes Where No Other Speaker Has Gone Before

- **Unconditional Robust Boom Audio**
- **Unlimited Mounting Capabilities**
- **Indestructible Rugged Design**

### A True Standout

This Action Speaker is small yet generates Robust Boom audio over 85dB (typical of speakers 5 times bigger in size) by using a unique 50mm Driver and a directional sub-woofer both embedded in metal chamber.

The X3 unique design comprises chrome-plated metal rims on top and bottom surrounded by 7mm thick Grooved Silicon providing a virtually indestructible structure vs water, snow, shock & impact.

The UwaterX3 is the world's most versatile Action Speaker by virtue of its endless mounting capabilities.

This is the only Action Speaker that, in addition to many outdoor mounts, comes also with a special indoor mount – the Spiral Chrome-Plated Metal Pedestal - enhancing indoor hi-fi audio streamline and efficient Audio

distribution.

The UwaterX3 Action Speaker combines unlimited mounting capabilities with rugged design and superb Bluetooth wireless features including hand free mic. The UwaterX3 audio is not only robust, but also rich in quality including enhanced bass. Wear it, hook it, mount it, fix it, attach it or float it - the opportunities to enjoy this Action Speaker are endless. Moreover, it is engineered to be completely waterproof, sand-proof, snow-proof, mud-proof, shock & impact proof. The UwaterX3 comes with 4 mounts (Bike, Carabiner, Pedestal, Floater) and additional mounts are optional (see below). Patents pending.

The UwaterX3 boldly goes where no other Speaker has gone before and it is available just in time for the Holidays. Surprise your family, friends, or just be good to yourself. This Action Speaker makes a very useful gift!. Try it now. You'll be pleased you did.
