Name: UWaterX3 Wireless Action Speaker (Blue) + Mounts

US Retail Price: \$89.95

Manufacturer Name: Fitness Technologies Inc

UWaterX3 Wireless Action Speaker (BLUE) Fully Loaded with Mounts

- **Unconditional Robust Audio**
- **Unlimited Mounting Capabilities**
- **Virtually Indestructible Rugged Design**

Boldly Goes Where No Other Speaker Has Gone Before

This Action Speaker is small yet generates Robust Boom quality audio over 85dB (typical of speakers much bigger in size) by using a unique 50mm Driver and a Directional Sub-Woofer both embedded in metal chamber.

The X3 unique design comprises chrome-plated metal rims on top and bottom fortified by 7mm thick Grooved Silicon providing a virtually indestructible structure vs water, mud, snow, shock & impact. And with its endless mounting capabilities, the X3 is by far the world's most versatile Action Speaker.

Moreover - in addition to its numerous outdoor mounts, the X3 comes also with a special indoor mount – an elegant Spiral Chrome-Plated Metal Pedestal enhancing indoor hi-fi audio flow and efficient distribution.

The UwaterX3 Action Speaker combines unlimited mounting capabilities with rugged design and superb Bluetooth wireless features including hand free mic. The X3 audio is not only robust, but also rich in quality including enhanced bass. Wear it, hook it, mount it, fix it, attach it or float it - the opportunities to enjoy this Action Speaker are endless. Additionally, it is engineered to be completely waterproof, sand-proof, snow-proof, mud-proof, shock & impact proof. The UwaterX3 comes with 4 mounts (Bike, Carabiner, Pedestal, Floater) and additional mounts are optional (see below). Patents pending.

30 Day Refund. Extended Warranty.
