## Description:

With metal echo chamber and flat anti-twist wire, this top-of-the-line product was developed for enhanced audio experience **underwater and for all fitness/outdoors/sports/recreational activities**. The **UwaterT3 Dynamic Earphones** are the perfect accessory to be used with any and all audio devices having standard 3.5 mm connection. The T3 provides superior sound quality, extended Bass range, state-of-the-art 10 mm Neodymium driver, metal echo chamber, chrome plating for extra durability in salt/sweat environment, universal nickel plated 3.5 mm audio plug, flat anti-twist wire plus three (3) sets of comfortable silicon ear-buds in various sizes. We also included a luxury metal gift box for ideal presentation. Certified to 3M (10Ft) underwater.

Fitness Technologies has been the #1 provided of waterproof electronics since 1996. Our Waterproof Audio Technologies (WAT) were featured in the New York Times, LA Times, USA Today, Men's Health (Europe), Swim World, Fitness Swimmer, Triathlete Magazine, CNET, CBS, NBC, as well as many other publications (see "UWater in the media"). Also endorsed by the US National Sporting Goods Association. Designed in the USA. Patents Pending. Beware of cheap imitations!!
